

American Revolution Trip Itineraries

Nestled between our then-fledgling nation’s capital of Philadelphia and the British forces’ stronghold in New York, New Jersey soil was the battleground for nearly 300 major military engagements—and hundreds more skirmishes. So it’s no wonder our state has been proclaimed the *Crossroads of the American Revolution*.

Experience for yourself the historic sites, memorials and monuments that commemorate our nation’s legendary journey to victory, all fully mapped out in our **multi-day American Revolution Trip Itineraries in New Jersey’s Northern and Central/Southern regions**.

You’ll fall in step with General George Washington and his Continental Army as you explore historical parks that mark the site of significant confrontations with British troops, imagine winter’s cold bite as you walk through long-abandoned encampments, pore over storied artifacts in museums and pay your respects at grand monuments and hushed cemeteries.

Along the way, enhance your journey with crave-worthy cuisine, outstanding shopping and must-see extras that bring New Jersey’s Revolutionary past and modern-day present into perfect balance.

Simply follow our two 3/4-day American Revolution Trip Itineraries. Read summaries of each on the reverse side, and access more details and all itinerary downloads at VisitNJ.org/American-Revolution.
